'Boutique' Medical Care Office Now Open

Dr Scott Tushla, MD is now offering personalized 'boutique' medical care from his newly opened FAMILY PRACTICE CLINIC, located in the Broadmoor neighborhood.

Dr Tushla has been in family practice since 1995 in California and the Springs, holds a medical degree from Creighton University in the tradition of both his father and grandfather. According to Dr Tushla, "after time spent in the larger medical care systems, although in my experience the care have been very good, I have detected from patients a desire for more personalized care.

Dr Tushla hopes to be Colorado Springs' "family doctor caring for individuals and families by taking the time to know his patients' particular medical care requirements. By such close, careful attention / follow up, Dr Tushla will facilitate patients' preventative care reflective of each patient's age, medical history and lifestyle.

Dr Tushla is married to Lisa Tushla PHD, who heads a firm educating physicians in new medicines/procedures. The couple has one son Zach, age 7, who has his own Youtube channel educating moms on football, baseball and basketball techniques so they can understand their children's game. "Putting roots in the Springs makes sense to my family. We enjoy the lifestyle here as well as the Springs' friendly laid back atmosphere," Dr Tushla said.

The office lead is Viridiana Hernandez, also likes to be known as "Vee". She has her Registered Medical Assistant certification and is also a resisted phlebotomy technician thru AMT (American Medical Technologists). Vee has 5 years of experience in the medical field and 2 years as a lead.

Dr Tushla and Vee are looking forward to welcoming new patients to his practice. The new office is located in the country clubs corner plaza behind the Adams bank at 2997 Broadmoor Valley Rd, Ph; 719-418-5505

Flu shots are now available. Dr Tushla's Family Medicine Clinic's one-on-one personalized care includes: pediatrics, teens, young adults, geriatrics, minor emergencies, sports physicals, and vaccinations. Dr Tushla has been certified as a member of American Board of Family Practice since 1995.
